## Glass Rail Balusters

Our Glass Panel Balusters for decks, porches, and balconies with tempered glass and beveled edges are as strong as they are beautiful.

Our glass deck rail panels are suitable straight or stair sections. Available in two stunning colors:

Pure (clear) and Twilight (tinted).

### **SIMPLICITY & VERSATILITY**

Select the glass railing infill kit to use with the deck rail system of your choice or get the complete Wahoo Rail system that combines the beauty of Wahoo Glass balusters with the engineered strength of Wahoo Rail aluminum deck rail.

# Wahoo|Glass

- 4-Inch wide panels available for 36-Inch and 42-Inch height railing
- Tempered glass panels with beveled edges
- Brackets are engineered from an infused glass polypropylene, ensuring strength & longevity
- Stair brackets used with pre-mitered stair panels comply with stair rakes from 36-38 degrees
- Brackets easily attach to top and bottom rails
- Fasteners are hidden within the bracket
- Brackets are engineered with wicking channels molded into their bottoms— allowing water to drain.
- Wicking channels protect brackets from water damage caused by freezing & thawing
